Report of Untaxed Vehicles (RUV)

The RUV program was implemented as a mechanism to enforce compliance with the personal property tax laws in Albemarle County, and to ensure fair and equitable taxation. This reporting program offers our residents an effective channel to communicate with our office in reporting motor vehicles whose owners appear to be evading personal property taxation. This program is also an effective way to participate in the public process of ensuring everyone living in and owning property in Albemarle County pays their fair share.

Reporting of: **vehicles, pick up or panel truck, moped, autocycle, motorcycle, boats, trailers, and recreational vehicles**
