Dear Mr. Juan Wade,

Subject: Child at Play Sign

This letter is in regards to our phone conversation concerning the traffic speed in our neighborhood, and on Westover Drive.

I am requesting a Child at Play Sign be considered for our street. Our street is a dead end, approximately 3/4th of a mile long. There are no sidewalks, and in this small neighborhood, we have approx 34 children. Neighbors and children walk, ride bikes, walk dogs, and play in and around the street, moving from one house to another. It is wonderful, except for the fear of cars speeding.

I hope to raise awareness of the posted speed, and children playing, with the posting of this sign. Many neighbors of the children have also expressed concern of speeding cars.

Thank you for your consideration.

Respectfully,

Jennifer Kuzjak
