Mr. Juan Wade
401 McIntire Road
Charlottesville, VA 22902

Dear Mr. Wade:

This letter is to request "Children At Play" signs for Bleak House road near the intersection with Montei Drive. There is an ongoing and unaddressed problem with cars driving too fast on Bleak House road, particularly where the road turns to/from gravel by the intersection with Montei Drive. Because there are about a dozen young children who use the road to go from one house to another (and we are expecting two more children at our house in the next month) we would like signage installed warning drivers of the presence of children and urging them to slow down and drive responsibly. There is no sidewalk for children to use nor would one be feasible on a rural road like Bleak House.

As evidenced by the signatures below the people who live along this stretch of the road, most of whom have young children, are in agreement about posting signs.

Thank you for your attention to this issue.

Sincerely,

Andrew J. Rotherham
