

CHARLOTTESVILLE RESIDENCY MONTHLY REPORT
FEBRUARY 4, 2009
MONTHLY MEETING

ALBEMARLE COUNTY BOS ACTION ITEMS

Ken Boyd

- Safety Implementations on Route 29 at Forest Lakes - Work continues on the installation of the controller actuated beacons. Residency staff is developing an estimate to perform grading on the median just north of the intersection to improve sight distance. Traffic Engineering is reviewing the possibility of enhancing the existing rumble strips.

Dennis Rooker

- Illegal Advertising Signs on Right-of-Way - VDOT has met with County staff to finalize implementation plans for policing illegal advertising signs.
- Broomley Road Bridge - Temporary patching has been performed on the bridge deck over the railroad. VDOT has contacted Buckingham Branch Railroad asking for a timeline to perform permanent repairs.

Ann Mallek

- Pavement Striping, Earlysville Road - This route will be re-striped as part of the annual painting program.

Sally Thomas

- Dry Bridge (Route 708) - The results of a capacity analysis have shown that this bridge can be posted at the pre-existing 8 ton weight limit. The weight limit was changed January 26, 2009, to reflect this revised posting.
- Debris at Route 29/250 Ramp - The debris was removed by VDOT crews on Thursday, January 22, 2009.
- Old Ballard Road Speed Study - Contact has been made with the community representative regarding concerns about the existing speed limit. A request has been made for a review to be completed by Traffic Engineering staff.
- Gillums Ridge Road - This road was previously a candidate project for construction using unpaved road funding, but was placed on the inactive list due to funding. Due to the truck traffic, construction using rural rustic methods is not recommended. The idea has been proposed to consider truck restrictions. A study would be required that would include an identified alternate route. A public hearing and ultimately, Commonwealth Transportation Board approval would be necessary.

PRELIMINARY ENGINEERING

Albemarle County

- **Route 656 Georgetown Road, 0656-002-254, C501**
A project field inspection is scheduled for February 2, 2009. A public hearing date has been tentatively scheduled for March 24, 2009 at Albemarle High School.
- **Route 743 Advance Mills Bridge, 0743-002-282 P101, R201, C501, B658 (Permanent Replacement Project)** This project is advertised with bids due Thursday, February 25, 2009.

CONSTRUCTION

Active Construction Projects

(NFO) PM07-002-351, N501 I-64 Pavement Overlay and Guardrail Upgrades

- Guardrail installation is ongoing.

BRDG-002-796, B672 Rte. 665 Bridge over Buck Mountain Creek superstructure replacement

- Project complete minus some minor punch list items.

0632-002-128, C502, B612, B613, B657, Meadowcreek Parkway

- Contractor has put in a construction Entrance and is hauling fill material to the new CATEC parking lot
- Preconstruction conference scheduled for Monday, February 2, 2009.
