may subsequently establish a different day, time, or place to conduct its regular meetings by passing a resolution to that effect.

If the Chairman, or the Vice-Chairman if the Chairman is unable to act, finds and declares that weather or other conditions are such that it is hazardous for Commission members to attend a regular meeting, the meeting shall be continued to the next regular meeting date. This finding shall be communicated to the members of the Commission and to the press as promptly as possible.

Without further public notice, a regular meeting may be adjourned from day to day or from time to time or from place to place, not beyond the time fixed for the next regular meeting, until the business of the Commission is complete.

- E. Deferrals. The Commission may defer any matter at the request of a member of the Commission, the County staff, or the applicant. The request may be either oral or in writing, and may be made at any time prior to the vote on the matter. The person making the request shall state the reasons therefor. A motion to defer shall either specify the date to which the matter is deferred or defer the matter indefinitely. If the motion to defer pertains to a matter for which a noticed public hearing is required and the motion is to defer the matter to a specific date, the Chairman shall either close the public hearing or, if the public hearing was not opened, open and then close the public hearing, before the Commission votes on the motion.

4. Quorum

A majority of the members of the Commission shall constitute a quorum for any meeting of the Commission. - D. Manner of Vote. The vote on a motion pertaining to a matter for which the Commission is making a recommendation to the Board of Supervisors shall be by roll call vote. The vote on a motion pertaining to any other matter may be either by roll call vote or voice vote, in

the discretion of the Chairman; provided that a roll call vote on such a motion shall be required if requested by a member of the Commission. For each roll call vote, the Recording Secretary shall record the name of each member voting and how the member voted on the motion. For each voice vote, the Recording Secretary shall record the result of the vote.

- E. *Tie Vote.* A tie vote shall only defeat the motion voted upon. Any matter receiving a tie vote shall not be deemed to have been acted upon and a tie vote shall not be deemed to be either a denial or a recommendation of denial.
- F. *Effect of Defeat of Motion to Deny or Recommend Denial.* The defeat of a motion to deny or to recommend denial of a matter shall not be deemed to be approval of the matter. In such a case, the Chairman shall call for another motion.
- G. *Abstention.* If any member abstains from voting on any motion, he shall state his abstention. The abstention shall be announced by the Chairman and recorded by the Recording Secretary.
- H. *Motion to Amend.* A motion to amend a motion before the Commission shall be discussed and voted by the Commission before any vote is taken on the original motion unless the motion to amend is accepted by both the members making and seconding the original motion. If the motion to amend is approved, the amended motion is then before the Commission for its consideration. If the motion to amend is not approved, the original motion is again before the Commission for its consideration.
- I. *Previous Question.* The discussion of any motion may be terminated by any member moving the "previous question." Upon a proper second, the Chairman shall call for a vote on the motion of the previous question. If approved by a two-thirds majority of those voting, the Chairman shall immediately call for a vote on the original motion under consideration. A motion of the previous question shall not be subject to debate and shall take precedence over any other matter.
- J. *Motion to Reconsider.* Any decision made by the Commission may be reconsidered if a motion to reconsider is made at the same meeting or an adjourned meeting held on the same day at which the matter was decided. The motion to reconsider may be made by any member of the Commission. Upon a proper second, the motion may be discussed and voted. The effect of the motion to reconsider, if approved, shall be to place the matter for discussion in the exact position it occupied before it was voted upon.

6. Amendment of Rules of Procedure

These Rules of Procedure may be amended by a majority vote of the Commission at the next regular meeting following a regular meeting at which notice of the motion to amend is given.

7. Suspension of Rules of Procedure

These Rules of Procedure may be suspended by the majority vote of the members of the Commission present and voting. The motion to suspend a rule may be made by any member of the Commission. Upon a proper second, the motion may be discussed and voted. The effect of the motion to suspend a rule, if approved, is to make that rule inapplicable to the matter before the Commission; provided, however, approval of a motion to suspend the rule shall not permit the Commission to act in violation of a requirement mandated by the Code of Virginia, the Constitution of Virginia, or any other applicable law.

8. Rules of Procedure not Covered by These Rules of Procedure

Any rules of procedure not covered by these Rules of Procedure shall be governed by the current Robert's Rules of Order.

9. Nature and Effect of These Rules

The purpose of these Rules of Procedure is to facilitate the orderly conduct of public meetings and decision-making. The parliamentary Rules of Procedure (those rules other than Rules 2(B), 2(C), 4 and 5(B)) are procedural, not jurisdictional, in nature, and Rules 2(B), 2(C), 4 and 5(B) are jurisdictional only to the extent that Virginia law makes them jurisdictional. The failure to comply with the parliamentary Rules of Procedure shall not invalidate any decision of the Commission.

Comprehensive Plan Update – Planning Commission Comments
Work Session**

The Planning Commission held a work session to set general direction on the following issues:

- **Future Housing Study**
- **General Plan Format**

Public comment was taken from the following persons:

- Morgan Butler, Southern Environmental Law Center, questioned whether there was any need to expand residential area to this expansion of the comp plan. From the meeting in October it was clear there was plenty of growth and they decided not to propose an increase in the development area since there was plenty of residential capacity. There is a fair amount of vacant land available.
- Tom Olivier, chairman of the Piedmont Group of the Sierra Club, recognized the comp plan is extremely important to public. From the state law point of view it is fundamental. He recognized it was a key vision for developed area. The comp plan needs to offer biodiversity protection for natural resource protection, which is important for community vision. They need to put in place environmental protections. The Population growth – with open space – needs to be sustainable in the comp plan. The update needs to seriously examine conflicts between environmental protection and economic vitality.
- Jeff Werner, Piedmont Environmental Council, submitted a Draft of Combined Information from 12/20/2011 Staff Summary and 01/08/2012 Staff Report for CPA. (Attachment B) This information was referenced at last week's Board meeting. The current inventory needs to be taken into consideration before future growth is allowed. There is a large amount of unbuilt retail. He would assume the multi-family attached would be shifted.

The Commission commented on the information provided as follows and asked staff to take their comments into consideration in the continuing work on the Comprehensive Plan.

Comments in general on Future Housing Study:

- There was some question about the form of development taking place in the development areas. A suggestion made to review the forms, such as large lot subdivisions and compact developments that have been successful.
- There was some fear expressed that the Commission was not looking at expected demand for housing by type for 20 years but just the number of units that could be built.
- One Commissioner said he hoped that houses built in the DA were comparable to those built in the RA. He said we don't want to force people to the RA because they can't find a comparable house in the Development Areas and don't have the opportunity. He asked if we need to change something to make it possible to build the type of unit in DA being built in RA.
- Another Commissioner commented that there are some distinctive differences between housing in the DA and RA that relate to "setting". He said that sometimes there is not a comparable option in the DA if someone just wants to live in the RA.
- It was suggested that a discussion needs to take place about the building trend in the Rural Area and on whether that trend should continue or it should be encouraged.
- A Commissioner noted that we need to look at available housing stock when analyzing supply and demand. She asked if we are really representing the amount of housing stock on the market. Later provided the total number of units by type that are on the market right now as 602 single family units, 147 townhouses, and 85 condominiums.
- A question was asked if cluster development would be useful. Staff responded that it is now by right, but not used very often.
- A question was asked concerning the percentage of 5 acre lots that were available in the RA.

- A question was asked whether purchasers of recently built single family homes in the DA would tell us about why they chose to live in DA versus the RA.

Comments in general on General Plan Format:

- A suggestion was made that staff look at what the city is going to use as their format for possible consistency.
 - A suggestion was made that the staff see if we could simplify the categories into possibly just three categories, neighborhoods, centers and areas.
 - A Commissioner asked that staff explore ways to make sure that recommendations in the comp plan refer back to the goals established by the Board. In addition, it should be made clear how ordinance amendments are done to tie into the county's goals so they can have topic areas that the board is already using.

No formal action was taken.

Staff invited other comments from the Planning Commission. Staff is going out and working with Neighborhoods 4, 5, 6 and 7 to develop a "mini" master plan to bring back to the Planning Commission.
