Virginia Department of Fire Programs

ALBEMARLE COUNTY 2019 REGIONAL SCHOOL

January 2019

We are pleased to extend an invitation to our 2019 Spring Regional School, held at Albemarle High School on 23 and 24 March 2019. Course times will run 0800-1700 hours daily, unless otherwise noted. Registration will begin at 0700 Hours on Saturday, 23 March 2019.

Pre-registration is required, and the deadline for school registration is 8 March 2019. To register, complete the Regional Fire School Application. Albemarle County personnel must register through his/her station-training officer. There is a non-refundable \$25 registration fee¹, full registration and payment instructions are included below. The fee includes morning breaks, school expenses, and lunch on Saturday and Sunday. Some classes require textbooks that are **not** covered by the registration fee and will be on sale during registration. Books will be available for purchase onsite, or online at the VDFP bookstore.

Some courses require self-contained breathing apparatus (SCBA) and other personal protective equipment; please read course specifics closely. As always, it is the policy of the Virginia Department of Fire Programs that personnel with beards are not allowed to participate evolutions or hazardous environments requiring the use of SCBA.

During your stay in Albemarle, we encourage you to experience all that Jefferson's country has to offer. Additionally, we invite you to visit any one of our fire rescue stations throughout the weekend, and please do not hesitate to call on any of our staff members for assistance of any kind. *Training rocks*; so, we hope to see you in March in the beautiful Piedmont of Virginia.

Best regards,

J. Dan Eggleston
Chief

M. Scott Lambert
Division Chief – Training

\$150 for registrants of the Truck School

*"We envision a community where well being is promoted and the quality of life
for our citizens is continuously enriched."*

ALBEMARLE COUNTY 2019 REGIONAL SCHOOL

COURSE OFFERINGS

Hazardous Materials Operations

March 22, 23, 24, 30, & 31

Description: A course designed for hazardous materials first responders. This course consists of classroom and practical training. Classroom builds upon Hazardous Material First Responder Awareness discussion and goes into properties of hazardous materials, containers, transportation hazards and protective equipment. The practical covers various defensive practice scenarios.

Prerequisites: All students must be at least 16 years of age on the first day of class; 16-17 year old junior firefighters must have completed or be enrolled in a Virginia Department of Fire Programs Level I Firefighter training program, (documented by VDFP transcript) and provide a signed parental permission form to be placed on file with the Virginia Department of Fire Programs (Division Office). To meet DOLI requirements, parental permission forms must be submitted and on file prior to the first day of training; All students attending this training program must be a member of a recognized fire department which provides insurance requirements.

NOTE: March 22 registration starts at 1700 hours and class begins at 1800 hours at Albemarle High School. Classes starting on March 30 will be held at Hollymead Fire Rescue.

ITR – Module II

March 23 & 24

Description: Module 2 is a 16-hour introductory classroom and practical course addressing the job performance requirements of NFPA 1006. This course will require basic rescue skills in the low and high angle environments to include site operations; establishment of landing zones for helicopter operations; victim management; rope, knots, and anchoring systems. This course is designed for personnel who will actually serve on or in support of a technical rescue incident. Students will receive a VDFP Certificate of Attendance. Successful completion of Modules 1 and 2 are required prior to Module 3.

Prerequisites: 18 years of age, Introduction to Tech Rescue Module I (online)

NFA Incident Safety Officer

March 23 & 24

Description: This 2-day course examines the Safety Officer's role at emergency responses. A specific focus is on operations within an Incident Command System (ICS) as a Safety Officer. The target audience is individuals who have a Safety Officer responsibility at emergency operation situations. Persons attending this course should have a working knowledge of the ICS, as taught by NFA, building construction principles, hazardous materials management, applicable NFPA guidelines, and federal regulations.

Prerequisites: IS 100, IS 200, and IS 700. Students who are 16 or 17 must have Firefighter I certification.

ALBEMARLE COUNTY 2019 REGIONAL SCHOOL

NFA Strategy and Tactics for the Initial Company Officer

March 23 & 24

Description: Changes in modern building design and materials have altered the nature of structure fires, with modern homes able to reach flash over eight times faster than homes built 50 years ago. Firefighters are being challenged by different fire ground hazards due to today's more open floor plans and the use of synthetic materials in furniture and building products. These changes have made structure fires deadlier than ever before and call into question traditional firefighting tactics. With what has been brought to light by UL and NIST, this NFA-STICO training program provides an educational opportunity through a combination of *lecture, illustrations, group discussions/activities, case studies, and computer-generated simulations*. This program is essential for all levels of fire service personnel. It provides the necessary information and basic skills to recognize how and why science and the fire service have joined forces to adjust and enhance firefighting tactics. Firefighter safety and building occupant survivability are our primary responsibilities and key elements for this training program.

Prerequisites: IS 100, IS 200, and IS 700. Students who are 16 or 17 must have Firefighter I certification.

PHTLS

March 23 & 24

Description: Pre-Hospital Trauma Life Support (PHTLS) is an EMS course designed to familiarize and reinforce the principles of trauma care for pre-hospital providers. In this course, providers will learn how to manage a variety of trauma situations and the importance of managing shock whether the result of blood loss of from cardiac or neurological sources. PHTLS stresses the management of immediate life threats while in the pre-hospital setting and the importance of getting the patient to the hospital in a safe and timely manner to receive definitive care. The course also points to differences in care for unique segments of the population to include adult, pediatric and geriatric patients. PHTLS is delivered using a combination of in-class lecture and hands-on practical sessions. Participants will receive in-class instruction on performance of procedures and then successfully demonstrate these procedures during practical skills exercises and during the final practical skills tests.

Prerequisites: The class is open to all level EMS providers (EMT, Advanced, Intermediate and Paramedic) and certification will be issued at the BLS or ALS level. A pre-test **must** be completed prior to the start of the course and brought the first day of class. Information on the pre-test will be provided to those who register.

Basic Pump Operations

March 23 & 24

Description: A course designed for new operators with emphasis on hands-on operation of pumpers at draft and from hydrants, and relay operations.

Prerequisites: Students who are 16 or 17 must have Firefighter I certification.

ALBEMARLE COUNTY 2019 REGIONAL SCHOOL

Instructor II (NFPA 1041-12)

March 23 & 30
April 6, 13, & 17

Description: This course is based on NFPA 1041, Standard for Fire Service Instructor Professional Qualifications, and leads to a Pro Board certification. The course is designed for the fire service instructor who, in addition to meeting Instructor I qualifications, wants to develop the knowledge and ability to develop individual lesson plans for a specific topic including learning objectives, instructional aids, and evaluation instruments; schedule training sessions based on overall training plan of the authority having jurisdiction; and supervise and coordinate the activities of other instructors.

Candidates should ensure they are able to comply with the course schedule prior to registration. Instructor II Candidates failing to attend 100% of the scheduled training program in sequential order will not be eligible to participate in the final certification testing and evaluation process.

Prerequisites: Instructor II Candidates must have a current certification as an Instructor Level I, have recognized training in Hazardous Materials Awareness and Operations, and be a minimum of 18 years of age at the time of registration. **Note:** *The IFSTA, 8th Edition, Fire and Emergency Services Instructor textbook is required.*

Trench Level II

March 22, 23, & 24

Description: This 24 hour program includes classroom and practical training to prepare the student to function at the Trench Rescue Level II (Technician). Topics include: Intersecting trenches, deep trenches, installing supplemental sheeting and shoring systems, constructing load stabilization systems, lifting loads, coordinating the use of heavy equipment as well as releasing and extricating victim from entrapment

Prerequisites: Trench I, HMO, Introduction to Technical Rescue Module I and II, Rope Level I , Confined Space Level I, 18 years of age

ALBEMARLE COUNTY 2019 REGIONAL SCHOOL

15th Annual Walker Sisk Memorial Truck School

March 22, 23, & 24

Description: This course was designed in memory of Walker Andrew Sisk. Walker loved the fire service and had a great passion for knowing the skill of being a firefighter. This class has a lecture all day Friday at Church of Our Savior to discuss building size up, reading smoke, and roles and responsibilities. On Saturday and Sunday, we will be at the Fire Training Center for hands-on training with Residential & Commercial Forcible Entry, VEIS, Ventilation on Flat and Peak Roofs, Search and Rescue, Ground Ladders, Wall Breach, Firefighter Rescue, Tool Readiness and Can Confidence. We have over 30 instructors that are passionate about their skills and want to share those skills with others. This is a non-certification course, but you will gain the skill, knowledge and art of being a truck firefighter. **This course requires a \$150 registration fee that is non-refundable.**

Prerequisites: VDFP Firefighter I or equivalent with at least 12 months of service with current department. This is a non-certification course.

NOTE:

- 1) There will be a **mandatory** class on **Friday, March 22 (0800-1800) at Church of Our Savior** located at 1165 Rio Road East. Registration will be from 0700 to 0800 hours on Friday, March 22.
- 2) Class on Saturday and Sunday will start at 0800 at the Fire Training Center on Peregory Lane, Charlottesville VA 22902
- 3) Lunch is provided all 3 days
- 4) Full PPE with SCBA and a spare bottle is required for this course.
- 5) Social Night on Saturday, March 25 at (location TBD)
- 6) Class is limited to 48 students
