

Thank You!

The Albemarle County Board of Supervisors would like to thank and recognize the many local government staff members, local organizations, and community members who provided dedicated and generous service to their fellow citizens during the June derecho and its aftermath.

We will never know the names of everyone who bravely and unselfishly served our community during this very challenging event, but we extend our sincere appreciation to all of those local heroes. For those who we do know, and are listed below, please accept our gratitude for your hard work, care and concern.
