

Western Park Master Plan – 4/13/08
Community Comments (2) submitted on the County Website

9.	i would be interested in a skate boarding park and tennis courts. I would love to see a large outside chess set.	4/13/2008 7:59:00 AM
10.	I completely agree with the resident from the Highlands that walkability should be a top priority for development of Crozet. In this age of obesity and high gas prices it just makes so much sense for the county to enable residents to WALK to parks and businesses rather than clog the roads with more traffic. Crozet has a chance to avoid the horrible mistakes made by Charlottesville and most every other town in the US. Thank you for listening.	4/13/2008 9:57:00 AM
