

Western Park Master Plan – 6/12/08  
Community Comment (4) submitted on the County Website

33.	Please keep the park in as natural a state as possible. We think the western half of the park should be preserved as it is with maybe just a path along the creek. There is an abundance of wildlife in this area. Rabbit, fox, hawks, skunks etc.	5/28/2008 5:00:00 AM

34.	Comments from Old Trail resident who was told that the Western Park site was going to remain a permanent open space. Doesn't want a structure, particularly a large urban type 2-story picnic area. Concerned about noise and car lights.	6/12/2008 4:56:00 PM
