Places29 is an exciting community planning project that will shape the future of neighborhoods, business, and roads along Route 29 North in Albemarle County north of the City of Charlottesville. Places29 is bringing residents, business owners, and other interested parties together literally at the table. During a series of meetings, everyone will be invited to map out alternatives to guide growth in these neighborhoods and commercial areas.

**November 1 – Open House**
5:00 pm – 8:00 pm
Sutherland Middle School

**November 3 – Public Workshop**
7:00 pm – 9:30 pm
Sutherland Middle School

Want to do some homework in advance, or can’t make the meetings but still want to give input to the county? Visit the Places29 website at [www.albemarle.org](http://www.albemarle.org) to review upcoming meeting materials, check on progress to date, or to register your thoughts about the transportation networks and communities in northern Albemarle County.

Places29 is a joint project of Albemarle County, the Thomas Jefferson Planning District Commission (TJPDC), and the Virginia Department of Transportation (VDOT).
