Dear Ms. Arnold:

I am writing to voice my support for the efforts of Travis and Angie Critzer and Camp Watermarks, LLC. As a neighbor, I have seen what they are trying to do in terms of creating an environment for young people to learn and share wholesome experiences in a protected rural setting. I am pleased to see this innovative way of using the land in our community to expose youths to a variety of uses of our natural resources that keep development to a minimum in the rural areas. I believe that efforts like this will be an example to other local landowners for maintaining the character of agricultural and forest land while keeping the rural areas productive.

As our population in Albemarle County continues to grow at a record rate, the young people of our area will need more than ever a place where they can share outdoor, agricultural experiences and enjoy our natural resources in a planned and protected setting. Camp Watermarks provides just such a place. I strongly urge Albemarle County's continued support of Camp Watermarks, LLC.

Most sincerely,
April R. Fletcher

I go to Church with the Critzers and understand that they are trying to start a camp at their property in Scottsville. I am a youth group leader along with the Critzers and I cannot tell you what an inspiration they are to our youth in our Church. They both are very wonderful people and I feel that a camp like they are proposing will certainly enhance the community of Scottsville and any that may frequent the camp. They are very loving Christian parents and I highly admire them both.

Thanks,

Lisa M. Himes

Subject: Camp Watermark Special Permit

To Whom it May Concern:

We are writing to express our support for SP-2005-34 Camp Watermark. The nature/agricultural aspects of this new camp will provide much needed knowledge and experience for church groups and others interested in learning about the country life. Since the camp will be held only a few weeks out of the year and is small, there will be no problems with high impact in our area from vehicular traffic. Children will be able to learn about and enjoy nature and the agricultural experience. They will also be able to experience The James River from the camp's location which allows for riverside activities and enjoyment. Since the camp is entirely enclosed within the applicants' property there will be no problems with attendees having to deal with local traffic issues. This seems to be the perfect example of how this type of operation should be set up. Approval of this permit will also allow to preserve and protect our agricultural and forestry areas.

We urge approval of this special use permit. The applicant's are especially involved in church and children's activities and will be excellent stewards in providing and protecting land very suitable for the camp experience. We see no possible objections to the applicants filing for this special use permit.

Sincerely Yours,
Jeff and Christie Schmick

Subject: Critzer Family and Watermarks Camp

Hello. I just wanted to write a note on behalf of Travis and Angie Critzer. On both a personal and professional level, I admire their faithfulness and service to this church and I certainly enjoy their fellowship. Their joy and enthusiasm are contagious and their testimony an inspiration to all.

I understand that the Critzers are trying to start a camp at their property in Scottsville. I wholeheartedly support their endeavor and think the camp would be a blessing to many. In addition, I think it would be a worthy addition to the community of Scottsville.

Thank you in advance for your consideration.

I understand that Travis and Angie Critzer are trying to start a camp in Scottsville on their property. I have known the Critzers for a while now, and go to church with them as well. They are so encouraging and loving to our youth and everyone who comes in contact with them. I have been a youth group leader as well as a Sunday School teacher with both Angie and Travis, and I can think of no one better to start a camp for so many youth in our area. I am in awe of how much they give to others, and I am totally behind this idea of a camp in Scottsville.

Thank you,
Carmen Holmes
