BRIGHT STARS PROGRAM

DESCRIPTION AND MISSION

The mission of the Bright Stars Program is to increase the opportunities to learn for our children and their families by promoting family involvement and addressing risk factors that affect school performance.

There are six Bright Stars programs currently operating in the County: Stone Robinson, Greer, Agnor-Hurt, Cale, Scottsville, and Woodbrook. Children are identified for Bright Stars using a set of criteria that addresses risk factors. Funding is provided in the form of a grant through the Virginia Preschool Initiative, sponsored by the Virginia Department of Education. Additional funding is provided by the Albemarle County Schools, in addition to ongoing in-kind support, such as maintenance, utilities, and transportation. The program is administered by the Albemarle County Department of Social Services. The State allows \$5,400 per child to the program and allocates the state share of the total program budget based on Albemarle’s composite index. Therefore, Albemarle must provide a 60.54% local match in order to draw down the state funds, 25% of which can be matched with in-kind dollars. Local government funding for the program is provided through a budget transfer from the Department of Social Services budget to the Bright Stars Fund.

FAMILY SUPPORT PROGRAM

DESCRIPTION AND MISSION

The mission of the Family Support Program of Albemarle County is to provide prevention and intervention services that support children’s growth and development, strengthen families and promote school success through home, school and community collaboration.

The program is carried out by the Albemarle County Department of Social Services. Partial funding for the Family Support Program comes from the Federal Government through the Virginia Department of Social Services. Local and State dollars that the County is already spending on pre-placement prevention services are used as a match to draw down these federal dollars.

This program, serving sixteen County elementary schools, provides Title IV-E early intervention and prevention services for eligible children age 0-18. This program is provided in partnership with Children, Youth and Family Services (CYFS), the Commission on Children and Families (CCF), Community Attention (Com Attn), the Juvenile Court Assessment Center (JCAC and VJCCCA), Albemarle County Schools and Albemarle County Department of Social Services.

COMPREHENSIVE SERVICES ACT PROGRAM

DESCRIPTION AND MISSION

The purpose of the Charlottesville/Albemarle Comprehensive Services Act (CSA) program is to deliver a system of services and funding that is child-centered, family-focused, and community-based in serving troubled and at-risk children and families. Cooperative and comprehensive planning, interagency collaboration, and ongoing evaluation of services is conducted to ensure a cost-effective and efficient provision of services. The process of identifying needs, developing and delivering services for those children and youth who have or are at risk of developing behavioral or emotional problems is improved by the broad involvement of community groups and interested citizens. The program is funded from both local and state revenues. The current match ratio is 55.26% state funding and 44.74% local funding.

OVERVIEW/CHANGES

Recommended Budget: The Comprehensive Services Act budget increases \$421,675, or 6.8%. There is an increase in the number of children that need funding from this source and their service needs are greater. The Department of Social Services has added thirteen new cases to the caseload in a two-month period. This coupled with an increase in service costs indicates a need for additional funding.
