

Village of Rivanna Master Plan Citizens Planning Academy

Stay involved and keep up-to-date on the Village of Rivanna Master Plan by visiting the county website at www.albemarle.org/rivanna.

Dear Neighbors and Business Owners,

No one needs to tell you that things in your part of the county are changing. You can see and feel the impacts of a developing community every day. Would you like to be a part of the discussion and play a meaningful role in the future character and design of your urban community?

We want you to take part in an exciting community planning project, *the Village of Rivanna Master Plan*, which will help shape the future of your neighborhood. *The Village of Rivanna Master Plan* will bring residents, business owners, and other interested parties together to map out the best possible shared vision for this critical area of Albemarle County.

The Village of Rivanna Master Plan starts with a Planning Academy that will introduce residents to the tools of the planning trade to be held on June 27 from 6:30 pm until 9:30 pm at the East Rivanna Fire Station. The Planning Academy lets you meet county staff, learn the basics about Albemarle land use and growth management, and get a strong overall foundation in master planning so that you can be informed and engaged as we master plan the community.

After the Planning Academy, *the Village of Rivanna Master Plan* moves on to a series of community meetings to share information and gather citizen input and feedback. These community meetings will feature hands-on small group sessions designed to make sure that your valuable insights are captured. We'll keep you informed about the schedules for future community meetings.

We encourage you to stay up-to-date on the Village of Rivanna Master Plan by visiting the website at www.albemarle.org/rivanna and signing up for our e-news service, Amail. You can also call Rebecca Ragsdale in the Community Development Department at (434) 296-5832, ext. 3439 for more information. We look forward to your participation.

Sincerely,

Lindsay Dorrier,
Albemarle County Board of Supervisors
