I. PURPOSE: The County of Albemarle Fire Rescue Department (ACFR) is soliciting quotations from qualified vendors, experienced in Fire Services Management Solutions, to assist in the development of a Strategic Plan, to include data collection, in-person interviews and surveys, peer reviews and scheduled presentations to stakeholders.

II. BACKGROUND: The Albemarle County Fire Rescue Department, has a unique emergency services system. Volunteer and career personnel cooperatively provide fire, rescue, and emergency medical services to the community while partnering with other local and regional emergency services organizations. We are an equal opportunity, progressive organization whose goal is to provide the highest quality service within the constraints of our funding and personnel resources.

The department provides emergency fire, rescue, and medical services for nearly 93,000 residents and 726 square miles of land. Our stations serve response areas that are urban and rural with an annual population growth increase of approximately 2.1 percent. Our population growth, while moderate compared to some, challenges us to find creative ways to maintain high standards and meet our ever-increasing demands for service.

Albemarle County maintains a centralized headquarters to coordinate the provision of fire, rescue, and emergency medical services. Commonly referred to as ACFR, these staff members handle administrative tasks, training, volunteer programs, fire prevention and life safety programs, and provide career operations staffing to supplement volunteer staffing.

Our system has approximately 600 active volunteers who provide life and property saving services to its citizens. Volunteers make up over 75% of the total number of emergency response personnel.

III. COMPETITION INTENDED: It is the County’s intent that this RFQ permits competition. Bidders may not rely on any oral explanations, clarifications, or changes to the RFQ. All explanations, clarifications, or changes will be issued in written form as detailed below. The County will not be bound by any oral statements.

All inquiries and any changes to the requirements of this RFQ shall be answered by issue of written addenda to the RFQ. It shall be the responsibility of the Bidder to acknowledge all addenda by signing and returning a copy of all addenda with the quote submission or by separate acknowledgement of each addendum by number and date, in writing. Offerors are advised to contact this office to confirm the number of addenda before the date established for bid opening. All addenda will be issued in a timely manner to allow sufficient time prior to due date of the quotes.

IV. TERM OF CONTRACT/Delivery REQUIREMENTS:

C. A written report outlining the findings of these stakeholder interviews/focus groups and surveys will be provided that will also serve as a component for the development of a strategic plan. This report will reflect comparative observations and recommendations collective of all responses.

Phase II: Peer Review Development and Analysis
A. Assemble a High-Quality Peer Review Team:
Based upon the feedback from Phase I, we will carefully identify, select and assemble a team of at least six (6) professional, experienced fire chiefs or executive level fire service leaders from throughout the region who have extensive experience that is applicable to the needs in Albemarle County and/or who have very similar operations that are recognized as best practice agencies within the profession.

In addition, at least one career and one volunteer member of the Albemarle County fire service will be asked to serve as integral team members by the County Fire Chief. The County Executive may also choose one or two county staff and/or elected official to be a part of the Peer Review Team, if so desired. Generally, the total members of the Peer Review Team should not exceed 10 people. The client will have final approval of the members of the Peer Review Team.

These Peer Review Team members will receive all correspondence throughout the entire process and on a regular basis via Dropbox. Each team member is asked to provide approximately two full workdays to be a part of this effort - one day on site and a portion of one day both before and after the on-site visit. We will coordinate with the members of the Peer Review Team and the county staff for an agreeable date for the on-site work and will manage the logistics of assembling this team of professionals, including all written correspondence and agency approvals.

B. Prepare for Peer Review Assessment:
The Albemarle County staff will be asked to provide a host of information for the Peer Review Team, including data summaries, maps, statistical information and other items that are requested by peer assessors. In addition, we will collaborate with the client and review all the information assembled and establish the schedule and agenda for the full day Peer Review Team session.

C. Hold the Peer Review Team Full Day Assessment:
This is a major component of the initiative. We will interactively facilitate a full-day session with the up to ten (10) member Peer Review Team on site in Albemarle County. This session will allow a high level of interaction between the Fire Chief and the peer experts from throughout the region. During this session, observations and recommendations for improvement will be established for the Albemarle County fire and rescue service delivery system. We will capture this information and develop it into a set of organized improvements for the Fire Chief.

Albemarle County will be responsible for the meeting location and providing lunch for this session as well as reimbursement of mileage at the current federal rate and reimbursement of lodging expense for all out of town assessors who require accommodations.

D. Draft Report for the Fire Chief:
We will analyze all written and oral feedback given during the on-site peer review analysis and all other components and assemble that information in a usable format for Albemarle County staff, interpreting this feedback information and prioritizing the feedback in a meaningful and realistic way. This will be a substantial portion of the project and will require a high level of technical work. The report will include an executive summary, written documentation of all the components and the majority will focus on observations and recommendations.

E. Package and Send Peer Review Team Final Draft:
We will distribute and seek feedback and input from all Peer Review Team members on the final draft report, making modification where necessary. We will take feedback from Peer Review Team members and compare, contrast and apply that input against industry best practices and research.

F. Conduct Follow Up analysis with all Peer Review Team Members:
We will follow-up with all Peer Review Team members thanking them for their service, providing a copy of the final presentation and giving them an opportunity for constructive feedback. We will analyze that feedback and provide it to Albemarle County for continuous improvement and career development.

**Phase III: Develop Strategic Plan Report and Reporting to Board of Supervisors**

A. Develop Technical Presentation:
   Based upon the report's executive summary, we will develop a PowerPoint presentation that covers the process, but mostly focuses on outlining the specific strategic recommendations from the peer review process. This informational presentation would be an excellent tool to use with the men and women of the fire departments within the county as well. The Fire Chief will be closely consulted in the composition of this presentation. We will look for connections that can be made between the work of this Strategic Plan within the overall framework of the County's Strategic Planning efforts.

B. Elected Officials Presentation:
   We will present this PowerPoint presentation of the comprehensive findings of the work conducted to the Albemarle County Board of Supervisors on a mutually agreed upon date and time. This would be an approximate one-hour presentation. In addition, we will have key consultants available on-site in Charlottesville for this presentation to answer questions about the presentation to the Board of Supervisors.
