Family Support Program

A voluntary program to support children and the adults in their lives.
Albemarle County began its Family Support Program in 1999. The program is a partnership between Albemarle County Public Schools and Albemarle County Department of Social Services. The Program’s mission is to empower children to meet their full potential through home-school and community collaboration. There are currently (9) Albemarle County elementary schools and (4) middle schools being served by the program.

Family Support Workers are experienced professionals who are trained to listen and be responsive to family needs. Workers are knowledgeable about the educational process and how to access a variety of community resources.

Family Support is designed to help families and children by providing:

**Resource Support:**
- Help with basic needs (Food/Financial/Housing)
- Connect to Community Resources
- Access funding sources when appropriate
- Build self sufficiency skills
- Assist in arranging transportation to appointments

**School Support:**
- Regular consultation with school staff
- Bridge between home and school
- Build positive relationships with family and students in Family Support
- Skill building activities with students

**Enrichment:**
- Activities to promote Family Engagement
- Information regarding afterschool, childcare, summer camps, sports, and other activities

Parents can help their child succeed by:
- Arrive at school on time and regularly
- Attend school events
- Communicate with Family Support Worker and school staff
