- I. **PURPOSE:** Albemarle County Local Government (County) often needs professional Architectural/Engineering (A/E) design assistance for projects such as investigations, studies, reports, design of projects, and related services. The purpose of this document is to provide interested parties with information to enable them to prepare and submit a proposal for Architectural/Engineering design services for Albemarle County Local Government. The projects vary, and total project budgets range from **\$50,000 to \$20,000,000**. The goal of this RFP is to contract with A/E firms that will agree to be available to provide these services in a timely manner, thereby reducing the County's cost and time for advertising and developing numerous RFPs, and generally increasing the County's efficiency in obtaining professional services.

The purpose and intent of this RFP is to solicit proposals for a maximum of four (4) A/E Term Contracts for **Architectural / Engineering Services** that shall be provided on an "as needed" basis pursuant to Task Orders issued during the contract term. The contracts shall be renewable for a one-year term, at the County's option, for up to a maximum of three (3) one-year term renewals.

- II. **BACKGROUND:** The County Local Government is seeking A/E Firms to represent the County for design of Local Government projects only. **This contract will not include Albemarle County Public Schools projects.**
- III. **PROCUREMENT SCHEDULE AND TERM OF ANTICIPATED CONTRACT:** The term of services is one (1) year from the contract execution date with the option to renew up to three (3) additional one (1) year contracts. The option to renew is the sole prerogative of the County.
- IV. **COMPETITION INTENDED:** It is the County's intent that this Request for Proposal (RFP) permits competition. It shall be the Offeror's responsibility to advise the Purchasing Agent in writing if any language requirement, specification, etc. or any combination thereof, inadvertently restricts or limits the requirements stated in this RFP to a single source, or otherwise restrict competition. All comments, questions, or requests for clarification, including any notification regarding restrictions to competition, must be received by the Purchasing Agent not later than seven (7) days prior to the date set for receipt of offers. Offerors may not rely on any oral explanations, clarifications, or changes to the solicitation. All explanations, clarifications, or changes will be issued in written form as detailed below. The County will not be bound by any oral statements.

All inquiries and any changes to the requirements of this solicitation shall be answered by issue of written addenda to the solicitation. It shall be the responsibility of the Offeror to acknowledge all addenda by signing and returning a copy of all addenda with the offer submission or by separate acknowledgement of each addendum by number and date, in writing. Offerors are advised to contact this office to confirm the number of addenda five (5) days before the date established for offer due date. All addenda will be issued by not later than five (5) days prior to offer due date.

Any task order for a feasibility study, programming, or bridging documents issued pursuant to the Term Contract shall not include the right to extend the A/E's scope of services to include full design and construction period services and shall not be considered as preparation of an RFP for services. The A/E completing such task order shall not be prohibited from participating in competitive negotiation procurement for such future services.

- V. **STATEMENT OF NEEDS:** The selected Architectural/Engineering (A/E) firms shall furnish all expertise, labor, and resources, in accordance with the requirements of the current edition of the Virginia Construction & Professional Services Manual, to provide complete services necessary for Task Orders issued during the Contract Term. Projects shall be performed for Albemarle County local government facilities including but not limited to: Office Buildings, Parks & Recreation facilities, Judicial Facilities, Libraries, Police Stations, Fire/Rescue Stations, and Public Works facilities. County of Albemarle's Right to issue Request for Proposals and Task Orders: The Owner reserves the right, at its sole discretion, to issue RFPs for similar work, for other disciplines or types of work, and other projects as the need may occur. The Owner also reserves the right to issue Task Orders to other A/Es under Term Contracts at its sole discretion, based on its evaluation of each A/E's qualifications, expertise, current workload, capabilities, performance record, location or distance to the project, and other factors as may be pertinent to the particular project. Although the potential exists for multiple Task Orders during the Contract Term, services are ordered based on need, therefore the Owner does not represent or guarantee that the A/E will receive any Task Orders. The Owner also reserves the right under the provisions of this Contract to issue a Task Order to the A/E to provide services of a similar type or discipline covered by this RFP to a subsidiary, branch, or agency in the same geographic area.

VI. PROPOSAL PREPARATION AND SUBMISSION INSTRUCTIONS:

A. GENERAL INSTRUCTIONS:

1. RFP Response: In order to be considered for selection, proposals should be submitted electronically by the stated due date and time established herein, or as modified by an addendum hereto, through the [Albemarle County Procurement Intake Form](https://www.albemarle.org/government/finance/procurement/solicitations) on the Albemarle County Procurement Solicitations Page: <https://www.albemarle.org/government/finance/procurement/solicitations>. Alternatively, a secure lockbox is available, at the exterior Visitors Entrance of the Issuing Agency, labeled *Vendor/Contractor Bids or Proposals Only*. Proposals may be placed in this box, prior to the established due date and time for each solicitation, or may be shipped//mailed, or hand delivered directly to the issuing agency shown above. One (1) original and one (1) copy of each proposal along with a USB electronic copy of the proposal in either Microsoft Word or PDF format, must be submitted to the County as a complete sealed proposal. Regardless of the method of delivery, it shall be the Bidder’s responsibility to ensure timely and accurate delivery. Bids delivered to the wrong location or received in the specified location late will not be considered.
2. Redacted Copies: In addition to the copies of the RFP Response specified above, mailed proposals must include, both one (1) hard copy and also included on the electronic media, a redacted copy of the proposal in accordance with the identified proprietary or confidential information, as determined by the Offeror. The redacted proposal, with proprietary language or data blacked out, will be made available to the public in accordance with § 2.2-4342F of the Code of Virginia in response to requests for documents. It shall be the sole responsibility of the Offeror to ensure the supplied, redacted copy protects the firm’s interests with regards to proprietary or confidential information that, in accordance with § 2.2-4342F of the Code of Virginia may be considered protected information. Please see Attachment G.

No other distribution of the proposal shall be made by the offeror.

3. Proposal Preparation:
 - a. Proposals shall be signed by an authorized representative of the offeror. All information requested should be submitted. Failure to submit all information requested may result in the County of Albemarle requiring prompt submission of missing information and/or giving a lowered evaluation of the proposal. Proposals which are substantially incomplete or lack key information may be rejected by the County. Mandatory requirements are those required by law or regulation or are such that they cannot be waived and are not subject to negotiation.
 - b. Proposals should be prepared simply and economically, providing a straightforward, concise description of capabilities to satisfy the requirements of the RFP. Emphasis should be placed on completeness and clarity of content.

- c. Proposals should be organized in the order in which the requirements are presented in the RFP. All pages of the proposal should be numbered. Each paragraph in the proposal should reference the paragraph number of the corresponding section of the RFP. It is also helpful to cite the paragraph number, subletter, and repeat the text of the requirement as it appears in the RFP. If a response covers more than one page, the paragraph number and subletter should be repeated at the top of the next page. The proposal should contain a table of contents which cross-references the RFP requirements. Information which the offeror desires to present that does not fall within any of the requirements of the RFP should be inserted at an appropriate place or be attached at the end of the proposal and designated as additional material. Proposals that are not organized in this manner risk elimination from consideration if the evaluators are unable to find where the RFP requirements are specifically addressed.
 - d. As used in this RFP, the terms "must", "shall", "should" and "may" identify the criticality of requirements. "Must" and "shall" identify requirements whose absence will have a major negative impact on the suitability of the proposed solution. Items labeled as "should" or "may" are highly desirable, although their absence will not have a large impact and would be useful but are not necessary. Depending on the overall response to the RFP, some individual "must" and "shall" items may not be fully satisfied, but it is the intent to satisfy most, if not all, "must" and "shall" requirements. The inability of an Offeror to satisfy a "must" or "shall" requirement does not automatically remove that Offeror from consideration; however, it may seriously affect the overall rating of the Offerors' proposal.
 - e. Each copy of the proposal should be bound or contained in a single volume where practical. All documentation submitted with the proposal should be contained in that single volume.
 - f. Ownership of all data, materials, and documentation originated and prepared for the County pursuant to the RFP shall belong exclusively to the County and be subject to public inspection in accordance with the *Virginia Freedom of Information Act*. Trade secrets or proprietary information submitted by an offeror shall not be subject to public disclosure under the *Virginia Freedom of Information Act*; however, the offeror must invoke the protections of *Virginia Code § 2.2-4342(F)*, in writing, either before or at the time the data or other material is submitted. The written notice must specifically identify the data or materials to be protected and state the reasons why protection is necessary. The proprietary or trade secret material submitted must be identified by some distinct method such as highlighting or underlining and must indicate only the specific words, figures, or paragraphs that constitute trade secret or proprietary information. The classification of an entire proposal document, line-item prices, and/or total proposal prices as proprietary or trade secrets is not acceptable.
 - g. Fees for professional services are NOT to be included in the original proposal submittal; however, at the discussion stage, the public body may discuss nonbinding estimates of total project costs, including, but not limited to, life-cycle costing, and where appropriate, nonbinding estimates of price for services. The County reserves the right to require fee proposals be submitted by a specified deadline. The County may reject any fee proposals that are submitted after the designated date and time.
 - h. All costs of proposal preparation and presentation shall be borne by each offeror. The County is not liable for any cost incurred by the offeror prior to issuance of a contract.
4. Oral Presentation: Offerors who submit a proposal in response to this RFP may be required to give an oral presentation of their proposal to the County. This provides an opportunity for the offeror to clarify or elaborate on the proposal. This is a fact finding and explanation session only

and does not include negotiation. The County will schedule the time and location of these presentations. Oral presentations are an option of the County and may or may not be conducted.

provision of this contract shall excuse the contractor from promptly complying with the changes ordered by the County or with the performance of the contract generally.

- J. CLARIFICATION OF TERMS: The County will assume no responsibility for oral instructions, suggestion or interpretation. Any question regarding the offer documents and/or specifications shall be directed to the Purchasing Division and any material change will be submitted to all Offerors through issuance of an addendum. **Any questions related to this solicitation MUST be submitted to the contact named on the first page of this solicitation no fewer than seven (7) workdays prior to the bid opening or proposal closing date specified.** Questions should be in writing and electronic transmission is preferred. Questions submitted beyond the time specified above may be left unanswered if sufficient time does not allow a response to all prospective Offerors without causing an unacceptable delay in the process. Any contact with any County representative, other than that outlined within this solicitation, concerning this solicitation is prohibited. Such unauthorized contact may disqualify your firm from this procurement.
- K. COLLUSIVE OFFERS: The offer of any Offeror or Offerors who engage in collusive practices shall be rejected. Any Offeror who submits more than one offer in such manner as to make it appear that the offers submitted are not on a competitive basis from different parties shall be considered a collusive Offeror. The County may reject the offer of any collusive Offeror upon bid opening or proposal closing. However, nothing in this section shall prevent an Offeror from superseding an offer by a subsequent offer delivered prior to bid opening or proposal closing which expressly revokes the previous offer.
- L. CONFIDENTIALITY OF PERSONALLY IDENTIFIABLE INFORMATION: The contractor assures that, in the event that any awarded contract involves information and data obtained as to personal facts and circumstances related to patients, students or clients, such information and data will be collected and held confidential, during and following the term of this agreement, and will not be divulged without the individual's and the County's written consent and only in accordance with federal law or the Code of Virginia. Contractors who utilize, access, or store personally identifiable information as part of the performance of a contract are required to safeguard this information and immediately notify the County of any breach or suspected breach in the security of such information. Contractors shall allow the County to both participate in the investigation of incidents and exercise control over decisions regarding external reporting. Contractors and their employees working on this project may be required to sign a confidentiality statement.
- M. CONTRACTOR'S FORMS/BOILERPLATE CONTRACTS: All written agreements, contracts, service agreements, account applications, forms and other documents, of any nature, that the Contractor would require the County to sign in connection with any contract resulting from this procurement transaction, or the performance thereof by the Contractor, must be submitted along with the Contractor's offer. Under no circumstances shall the County be required to agree to any contractual provision (i) that would materially conflict with any provision of this solicitation, (ii) that would affect the price, quality, quantity or delivery schedule for any goods or services, or (iii) that would, in the County's sole discretion, materially alter the overall combination of quality, price and various elements of required services that in total are optimal relative to the County's needs, and the Contractor shall not condition its performance or delivery upon any such agreement by the County.
- N. CONTRACTOR LICENSE REQUIREMENTS: State statutes and regulatory agencies require that some firms be properly registered and licensed, or hold a permit, prior to performing specific types of services. If firms provide removal, repair, improvement, renovation or construction-type services they, or a qualified individual employed by the firm, must possess and maintain an appropriate State of Virginia Class A, B, or C Contractor License (as required by applicable regulations and value of services to be performed) for the duration of the Agreement. The County has established an administrative procedure for consideration of contractual claims, and a copy of such procedure is available upon request from the County's Purchasing Office. Contractual disputes shall also be subject to the provisions of Virginia. Code § 2.2-4363(D) and (E) (exhaustion of administrative remedies) and § 2.2-4364 (legal actions).

- P. DEBARMENT STATUS: By submitting their offers, offerors certify that they are not currently debarred by the Commonwealth of Virginia from submitting offers or proposals on contracts for the type of goods and/or services covered by this solicitation, nor are they an agent of any person or entity that is currently so debarred.
- Q. DEFAULT: In case of failure to deliver goods or services in accordance with the contract terms and conditions, the County, after due oral or written notice, may procure them from other sources and hold the contractor responsible for any resulting additional purchase and administrative costs. This remedy shall be in addition to any other remedies which the County may have.

(Virginia Code § 2.2-4343.1(E)).

Every contract over \$10,000 shall include the provisions:

1. During the performance of this contract, the contractor agrees as follows:
 - a. The Contractor will not discriminate against any employee or applicant for employment because of race, religion, color, sex, national origin, age, disability or any other basis prohibited by law relating to discrimination in employment, except where there is a bona fide occupational qualification reasonably necessary to the normal operation of the contractor. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this nondiscrimination clause.
 - b. The Contractor, in all solicitations or advertisements for employees placed by or on behalf of the contractor shall state that it is an equal opportunity employer.
 - c. Notices, advertisements and solicitations placed in accordance with federal law, rule or regulation shall be deemed sufficient for the purpose of meeting these requirements.
2. The contractor will include the provisions of No. 1 above in every subcontract or purchase order over \$10,000, so that the provision will be binding upon each subcontractor or vendor

DD. relating to discrimination in employment or because the bidder or offeror employs ex-offenders unless the County has made a written determination that employing ex-offenders on the specific contract is not in its best interest. If the award of this contract is made to a faith-based organization and an individual, who applies for or receives goods, services, or disbursements provided pursuant to this contract objects to the religious character of the faith-based organization from which the individual receives or would receive the goods, services, or disbursements, the public body shall offer the individual, within a reasonable period of time after the date of his objection, access to equivalent goods, services, or disbursements from an alternative provider.

II. OWNERSHIP OF DOCUMENTS: All information, documents, and electronic media furnished by the County to the Contractor belong to the County, are furnished solely for use in connection with the Contractor's performance of Services required by this Agreement, and shall not be used by the Contractor on any other project or in connection with any other person or entity, unless disclosure or use thereof in connection with any matter other than Services rendered to the County hereunder is specifically authorized in writing by the County in advance. JJ. PAYMENT:

1. To Prime Contractor:

- a. The County shall promptly pay for completed delivered goods or services by the required payment date. The required payment date shall be either: (i) the date on which payment is due under the terms of a contract for the provision of goods or services, or (ii) if a date is not established by contract, not more than 45 days after goods or services are received or not more than 45 days after an invoice is rendered, whichever is later. Separate payment dates may be specified for contracts under which goods or services are provided in a series of partial executions or deliveries to the extent that the contract provides for separate payment for partial execution or delivery. Within 20 days after the receipt of an invoice for goods or services, the County shall notify the supplier of any defect or impropriety that would prevent payment by the required payment date. In the event that the County fails to make payment by the required payment date, the County shall pay any finance charges assessed by the supplier that shall not exceed one percent per month. In cases where payment is made by mail, the date of postmark shall be deemed to be the date payment is made.

- b. Individual contractors shall provide their social security numbers, and proprietorships, partnerships, and corporations shall provide the County with a federal employer identification number, prior to receiving any payment from the County.
- c. Invoices for items ordered, delivered and accepted shall be submitted by the contractor directly to the payment address shown on the purchase order/contract. All invoices shall show the County contract number and/or purchase order number.
- d. All goods or services provided under this contract or purchase order, that are to be paid for with public funds shall be billed by the contractor at the contract price, regardless of which County department is being billed.
- e. **Unreasonable Charges.** Under certain emergency procurements and for most time and material purchases, final job costs cannot be accurately determined at the time orders are placed. In such cases, contractors should be put on notice that final payment in full is contingent on a determination of reasonableness with respect to all invoiced charges. Charges which appear to be unreasonable will be researched and challenged, and that portion of the invoice held in abeyance until a settlement can be reached. Upon determining that invoiced charges are not reasonable, the County shall promptly notify the contractor, in writing, as to those charges which it considers unreasonable and the basis for the determination. A contractor may not institute legal action unless a settlement cannot be reached within thirty (30) days of notification. The provisions of this section do not relieve any County department of its prompt payment obligations with respect to those charges which are not in dispute (Virginia Code § 2.2-4363).

2. To Subcontractors:

- a. A contractor awarded a contract under this solicitation is hereby obligated:
 - i. To pay the subcontractor(s) within seven (7) days of the contractor's receipt of payment from the County for the proportionate share of the payment received for work performed by the subcontractor(s) under the contract; or
 - ii. To notify the County and the subcontractor(s), in writing, of the contractor's intention to withhold payment and the reason.
- b. The contractor is obligated to pay the subcontractor(s) interest at the rate of one percent per month (unless otherwise provided under the terms of the contract) on all amounts owed by the contractor that remain unpaid seven (7) days following receipt of payment from the County, except for amounts withheld as stated in (2) above. The date of mailing of any payment by U. S. Mail is deemed to be payment to the addressee. These provisions apply to each sub-tier contractor performing under the primary contract. A contractor's obligation to pay an interest charge to a subcontractor may not be construed to be an obligation of the County.

KK. **PERMITS AND FEES:** All offers submitted shall have included in price, the cost of any business or professional licenses, permits or fees required by the County of Albemarle or the Commonwealth of Virginia. The offeror must have all necessary licenses to perform the services in Virginia and, if practicing as a corporation, be authorized to do business in the Commonwealth of Virginia.

Any offeror, upon request, shall be afforded the opportunity to inspect bid or proposal records within a reasonable time after the opening of all bids but prior to award, except in the event the County decides not to accept any of the offers and to reopen the solicitation. Otherwise, bid or proposal records shall be open to public inspection only after award of the contract. Trade secrets or proprietary information submitted by a offeror in connection with this procurement transaction shall not be subject

to the Virginia Freedom of Information Act, but only if the offeror (i) invokes the protections of Virginia Code § 2.2-4342 prior to or upon submission of the data or other materials; (ii) identifies the specific data or other materials to be protected, and (iii) states the reasons why protection is necessary. A general designation of a contractor's entire bid or proposal submission or volume as being "confidential" shall not be sufficient to invoke the protections referenced above.

- NN. QUALIFICATIONS OF OFFERORS: The County may make such reasonable investigations as deemed proper and necessary to determine the ability of the Offeror to perform the services/furnish the goods and the Offeror shall furnish to the County all such information and data for this purpose as may be requested. The County reserves the right to inspect Offeror's physical facilities prior to award to satisfy questions regarding the Offeror's capabilities. Any article which the County, in its sole discretion, determines to be the equal of that specified, considering quality, workmanship, economy of operation, and suitability for the purpose intended, shall be accepted. The offeror is responsible to clearly and specifically identify the product being offered and to provide sufficient descriptive literature, catalog cuts and technical detail to enable the County to determine if the product offered meets the requirements of the solicitation. This is required even if offering the exact

brand, make or manufacturer specified. Normally in competitive sealed bidding only the information furnished with the bid will be considered in the evaluation. Failure to furnish adequate data for evaluation purposes may result in declaring a bid nonresponsive. Unless the offeror clearly indicates in its bid or proposal that the product offered is an equal product, such offer will be considered to offer the brand name product referenced in the solicitation.
