ADDENDUM NUMBER 3

This Addendum dated the 18th of February 2021, modifies the above project manual and contract documents dated January 27, 2021. Where this Addendum modifies changes, corrects or conflicts with the original contract documents, this Addendum shall govern. Where no modification, change, correction or conflict occurs, the original documents shall remain in force.

Modification to the Project Manual:

1. Instructions to Bidders

Correction: The last day for questions is Saturday, February 20th (12 days prior to the bid due date). The last day for addendums is Monday February 22nd (10 days prior to the bid due date). Replace section 2. **Explanation to Bidders** with the following:

Bidders may not rely on any oral explanation in regard to the meaning of drawings and specifications or oral instructions given before the award of the contract. Discrepancies, omissions or doubts as to the meaning of drawings and specifications shall be communicated in writing to the Architect/Engineer for interpretation. Bidders must use the "Prebid Question Form" provided in the bid documents. Bidders must so act to assure that questions reach the Architect/Engineer at least twelve (12) days prior to the time set for the receipt of bids to allow a sufficient time for an addendum to reach them before the submission of their bids. If an addendum is required for clarification or interpretation of the Bid Documents, the addendum will be issued not later than ten (10) days prior to the date set for the receipt of bids except an addendum withdrawing the invitation for bid or one which includes postponement of the date set for the receipt of bids. Any interpretation made will be in the form of an addendum to the Invitation For Bids, which will be made available to all bidders, and its receipt shall be acknowledged, in writing, by the bidder on the Bid Form.
