

## USES PERMITTED IN ALL ZONING DISTRICTS BY RIGHT and BY SPECIAL USE PERMIT IN ALBEMARLE COUNTY

This chart is intended to match specific uses of property, such as convenience stores or manufacturing, with the zoning districts in which these uses are permitted. The land uses allowed in Albemarle County are listed alphabetically in the left-hand column. The next columns list the zoning districts in which those uses are allowed. If the use is allowed by right, there will be a BR in the field. If the use requires a special use permit, there will be a SP in the field. This chart lists uses expressly written in the ordinance. Other uses not listed will require an interpretation by the Zoning Administrator.

Certain uses, such as mining, are allowed only in overlay districts. The last seven pages of the chart list Albemarle County's overlay districts and the uses permitted in them. These districts establish additional regulations in order to achieve the specific purpose for which the district was created. For example, the flood plain hazard district further limits the uses allowed by the underlying zoning district in order to protect downstream properties and keep the County's flood insurance rates affordable. In the chart, the overlay district is listed in the first column, the uses allowed by right in the second column and the uses allowed by special use permit in the third column.

Please be aware that this chart is intended to make using the Zoning Ordinance easier. It is not intended to replace the Ordinance. Once you have used this chart to locate the zoning district in which a use is allowed, read through that section of the Ordinance to find what other regulations apply to that use. Even though a use may be allowed by right, a site plan or variance may be required. [Supplementary regulations found within Section 5.0](#) of the Albemarle County Zoning Ordinance may apply based on the use, even if not listed. The uses that are listed, and Section 5.0 applies, are noted with each applicable use.

We will be happy to answer any questions you have about the uses listed in this chart. We would also like to hear any suggestions you may have for improving the chart. Please call the Department of Community Development at (434) 296-5832.

OVERLAY DISTRICT	BY RIGHT	SPECIAL USE PERMIT
	The following uses and structures are permitted by right or by special use permit on managed or preserved slopes, provided that the land disturbing activity to establish the use or structure complies with design standards in section 30.7.5 and all other applicable requirements of the Code:	
<a href="#">Steep Slopes (Section 30.7)</a>	<p>a. <i>Managed slopes.</i> The uses permitted by right and by special use permit on managed slopes are as follows, subject to the applicable requirements of this chapter:</p> <ol style="list-style-type: none"> <li>1. <i>By right.</i> The uses permitted by right in the underlying district shall be permitted by right on managed slopes.</li> </ol> <p>b. <i>Preserved slopes.</i> The uses permitted by right and by special use permit on preserved slopes are as follows, subject to the applicable requirements of this chapter:</p> <ol style="list-style-type: none"> <li>1. <i>By right.</i> The uses permitted by right on preserved slopes are the following: <ol style="list-style-type: none"> <li>a. <i>Existing single-family dwelling unit.</i> Any single-family detached or single-family attached dwelling unit which was lawfully in existence prior to March 5, 2014 may be expanded, enlarged, extended, modified or reconstructed. For the purposes of this subsection, the term "lawfully in existence" includes, but is not limited to, any single-family detached or single-family attached dwelling unit for which a building permit was issued prior to March 5, 2014; provided that the building permit has not expired.</li> <li>b. <i>Existing lot of record; first single-family detached dwelling unit.</i> Any lot which was a lawful lot of record on March 5, 2014 may establish the first single-family detached dwelling unit on the lot; provided the lot does not contain adequate land area outside of the preserved slopes to locate the dwelling unit. For the purposes of this subsection, the term "lawful lot of record" includes any lot shown on a subdivision plat approved prior to March 5, 2014; provided that the plat is still valid.</li> </ol> </li> </ol>	<p>a. <i>Managed slopes.</i> The uses permitted by right and by special use permit on managed slopes are as follows, subject to the applicable requirements of this chapter:</p> <ol style="list-style-type: none"> <li>2. <i>By special use permit.</i> The uses permitted by special use permit in the underlying district shall be permitted by special use permit on managed slopes.</li> </ol> <p>b. <i>Preserved slopes.</i> The uses permitted by right and by special use permit on preserved slopes are as follows, subject to the applicable requirements of this chapter:</p> <ol style="list-style-type: none"> <li>2. <i>By special use permit.</i> The only use permitted by special use permit on preserved slopes are private facilities such as accessways, utility lines and appurtenances, and stormwater management facilities, not otherwise permitted by right under subsection (b)(1)(e), where the lot does not contain adequate land area outside of the preserved slopes to locate the private facilities.</li> </ol>

c. *Necessary public facilities.* Public facilities necessary to allow the use of the lot, provided that the lot does not contain adequate land area outside of the preserved slopes to locate the public facilities and one or more of the following exist: (i) the land disturbing activity avoids impacts on other protected resources such as stream buffers or floodplain; (ii) the alignment of the public facilities is consistent with the alignment of public facilities depicted or described in the comprehensive plan; (iii) the disturbance is necessary to provide interconnection required by the Code or the applicable regulations of other public entities; or (iv) prohibiting the facilities from being located on preserved slopes will cause an unnecessary hardship. To the extent that public facilities are established on preserved slopes, the preserved slopes should be preserved to the maximum extent practicable consistent with the intent and purpose of this overlay district,

d. *Trails.* Public or private pedestrian and bicycle trails.

e. *Accessory uses and structures.* Any uses or structures accessory to a dwelling unit authorized by subsection (b)(1)(a) and (b)(1)(b).

f. *Distribution facilities.* Water, sewer, energy, and communications distribution facilities. To the extent that distribution facilities are established on preserved slopes, the preserved slopes should be preserved to the maximum extent practicable consistent with the intent and purpose of this overlay district,

g. *Legislative zoning actions related to the underlying district.* Any use or structure approved by the board of supervisors in a zoning map amendment whose location is expressly authorized in an approved application plan, code of development, or an accepted proffer, in a special use permit authorized in the underlying district regulations, or in a special exception authorizing a waiver or modification of the requirements of section 4.2.3; provided that the legislative action is still valid and that the use or structure complies with all requirements and conditions approved or imposed in conjunction with the legislative zoning action.

<p>h. <i>Slopes less than 25% based on new topographic information.</i> Any use or structure allowed by right or by special use permit in the underlying district, provided that the owner submits new topographic information that is based on more accurate or better technical data demonstrating, to the satisfaction of the county engineer, that the slopes are less than twenty-five (25) percent.</p>
